Amended: 6-14-05

Internet Use Agreement – Students
Results Policy (R 4.3)

It is the policy of I.S.D. 834 to provide quality instructional resources which support the I.S.D. 834's mission, core values and instructional program.

INTERNET USE AGREEMENT

The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents and employees of the District. Outside of school, parents are responsible for monitoring their student's use of District systems and of the Internet if the student is accessing a District system from home or a remote location.

District policy and rules require the permission of and supervision by the school designated professional staff before a student may use a school account or resource to access the Internet. Parents will be notified that their students will be using District resources/accounts to access the Internet and that the District will provide parents the option to request alternative activities not requiring Internet access. This notification shall include:

1. A copy of the user notification form provided to the student user.
2. A description of parent/guardian responsibilities.
3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
5. A statement that the District's Acceptable Use-Students Policy (Results R 4.3) is available for parental review.

The Internet Use Agreement form for students must be read and signed by the student, the parent or guardian, and the supervising teacher. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

I have received, read and agree to abide by the Internet Acceptable Use-Students (R 4.3) Policy and Administrative Procedures and Regulations.
